### To the Entire Situation Taken by Japs

#### THEY CAPTURED OBJECTIVE POINT OF CAMPAIGN

#### Russians Admit the Fall of Weng Fang Cheng.

#### APPEAL MADE TO GARRISON

To Defend Port Arthur Until Re-en-  
forcements Arrive Which Are  
Now on the Road.

London, May 7.—A dispatch from St. Petersburg states official admission is made that the Japanese have captured Feng-Wang Cheng.

Feng-Wang Cheng, it is known, was the objective point of the Japanese. The Russians, under General Sasso-  
lich, have retired to the place after their disastrous defeat last Sunday. Heavy reinforcements were sent there by the Russians and it was reported that General Kuropatkin had himself gone there to command the Russians in person. The Seoul dispatch says the Japanese captured the place on Wednesday, May 4.

#### ANOTHER RUSSIAN REPULSE.

Wi-Ji, Korea, May 7.—Word reached here today of another Russian repulse in Manchuria. One thousand of the Russians rear guard, according to report, made a stand at Hehmetang on Liao-Yang road. The Japanese charged them and after a brief fight the Russians spiked their guns and retreated. Four hundred and thirty-five Russians were captured.

#### COMMANDER'S APPEAL TO RUSS- SIANS.

St. Petersburg, May 7.—(Bulletin)—A telegram received today from Port Arthur contains an order issued by General Stoessel, in command at the port in which he admits that Port Arthur is in a precarious condition. The order read:

"At 3:30 p. m. On May 1 the enemy crossed the Yalu river in great force. Our troops fell back on positions previously selected.

"The enemy effect on May 5 an important landing of Kin Chow Tang

peninsula, south of Pitzewo and in the vicinity of Kin Chow Bay. Our work is beginning.

"Naturally the enemy will destroy the railroad communication and endeavor to drive our troops back to Port Arthur, and besiege this fortress, Russia's bulwark in the far East.

"Defend it until the arrival of the troops, which are coming to relieve us."

#### BIG RUSSIAN RESERVE TO CON- CENTRATE.

St. Petersburg, May 7.—It is learned that the government is now planning to concentrate a huge reserve army at Harbin, Manchuria, which will be ready about August, and which it is expected will be fully large enough to meet any force which the Japanese may bring against it. When the force in question is ready according to present arrangements, the Czar himself will visit the place and inspire the men with a resolve to drive the Japanese into the sea. Until this army is assembled the probability of Russia abandoning the whole of Southern Manchuria, with exception of Port Arthur, is admitted by those in a position to know.

#### COMPLETELY ISOLATED Is Port Arthur, and the Russian Gib- raitar is in a State of Siege

Chifu, May 7.—Full confirmation was received today of the landing of General Oku's army at Pitzewo, on the eastern side of the Liao Tung Peninsula, and at or near Port Adams, on the west side, almost opposite. More than 50,000 Japanese are now landed, while other troop-laden transports are constantly arriving. The march on Port Arthur already has begun, and Japanese scouting parties have been seen almost as far south as Dabny.

General Oku had practically no opposition, and none is anticipated outside of Port Arthur, into which the outlying Russian detachments are being withdrawn.

It is reported that Kai Ping has been abandoned, and that practically no Russians are now south of Newchwang, except those in Port Arthur.

The Russian stronghold has been completely isolated. The railroad is in the hands of the Japanese and the telegraph wires have been cut.

One report is that the Russians have abandoned Feng Wang Cheng and are in full retreat, closely pursued and greatly harassed by the Japanese advance guard. The troops landed at Takushan have joined Kuroki's main army below Feng Wang Cheng, and the Japanese general is believed to have now pretty nearly, if not quite, 100,000 effective fighting men, with something like 200 guns.

The Russians are said to be badly demoralized. This and the fear that Oku might execute a disastrous flank movement caused Kuropatkin to withdraw to a line farther north, where he could meet the Japanese advance on something like even terms.

## PANIC

### In New York Theatre Narrowly Averted

#### BIG POLICEMAN THREATENED AND MANAGER SOOTHED

#### And the House Was Emptied in Just Six Minutes.

#### IROQUOIS HORROW RECALLED.

Police Congratulated the Crowd on its  
Orderly Behavior — Less Will  
Reach About \$70,000.

New York, May 7.—One thousand and eight hundred men, women and children packed in Iroquois theatre, were imperilled last night by a fire which destroyed the rear part of the building occupied by the theatre. A false move and the Iroquois theatre fire of Chicago might have been repeated. Cool action on the part of the police and theatre employees averted a panic. The theatre was emptied in six minutes. For an instant, when it became known that the theatre was on fire, the audience showed the first symptom of a panic. Seizing the psychological moment "Ajax" Whitman, the "giant cop", walked down the aisle, and in even tones of command, told every one to file out quietly. He said the first one who started to run he would arrest him. Police Captain McNally also gave the comforting assurance that the first one who started to run would be smashed with a club. The imminent panic was squelched immediately. The casualties were two women who fainted.

When the fire was discovered the manager pressed a small electric bell, which all employees knew to mean fire. They quietly opened each exit. The audience realized that something had happened when they saw the asbestos curtain falling. Manager Brunnett anticipated this movement and stepped to the front of the box and announced that there was a slight fire in the adjoining building and that every one should leave the theatre in an orderly manner and without alarm. The audience swayed for a moment between panic and order for wreaths of smoke came whirling through the open exits.

"Ajax" Whitman, the big policeman, who is known all over Harlem, came down the aisle and cautioned the audience to keep order. Then Paul McAllister the actor, made a speech from the stage and later the orchestra played a two-step, and when the audience reached the street they saw the flames breaking out of the top windows. The fire was confined to the rear of the stage, and the damage is \$70,000.

#### FOUR MEN WERE KILLED BY TRAIN

Elyria, May 7.—Four unknown men were killed last night by a through west bound Lake Shore passenger train, which passed through here at 3 o'clock this morning. The bodies of the three men were found on the track a mile east of town. The body of the fourth was carried on the front end of the engine through the city and dropped near the East Bridge. All were neatly dressed and apparently merchants. There were no identifying marks. In the clothes of one man was found \$66.

#### Mr. Cassingham Not a Candidate

Coshocton, O., May 7.—It is denied here by both Congressman J. W. Cassingham and his friends that he will be a candidate before the Democratic Congressional convention of the Seventeenth district that meets here June 2. It is said that Coshocton will let the nomination go elsewhere, but will try for the national delegate, both Mr. Cassingham and William R. Pomeroy being candidates.

#### ROCKEFELLER AND HILL DONORS

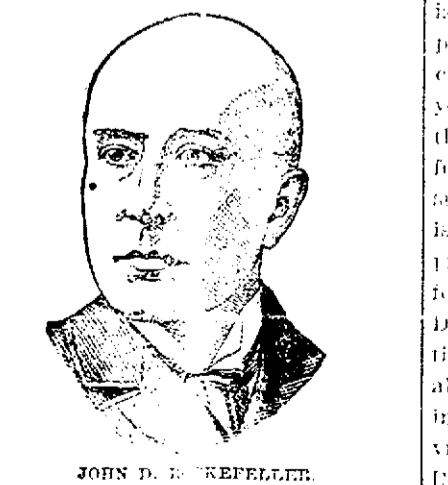

Cathedral to Be Built in St. Paul  
While John Hopkins is the  
University Benefitted.

St. Paul, Minn., May 7.—James J. Hill, president of the Northern Securities company, and the Great Northern railroad will supplement his many gifts to the Roman Catholic church by a donation of \$1,500,000 given jointly by himself and Mrs. Hill toward the erection of the new \$3,000,000 cathedral. Two of the wealthiest

parishes of St. Paul will join in the construction. Announcement of the gift was made Friday. The remaining \$1,500,000 is already in sight and will be given by other wealthy citizens. The cathedral will be the most costly church edifice in the west and will crown a height on St. Anthony's hill in the center of the most aristocratic portion of the city.

Baltimore, May 7.—The Johns Hopkins hospital has received its promised gift of \$500,000 from John D. Rockefeller. The gift consists of \$250,000 in cash and \$250,000 in three classes of gift-edged securities. Mr. Rockefeller surprised the trustees by sending an additional \$1,000, representing the interest on the gift from April 1, the day he announced it. With the gift Mr. Rockefeller sent a brief note, saying he had made good his promise and expressing the hope that "it will do good to your most excellent institution." The securities will be retained and the money will be used to rebuild on lots owned by the hospital in the burned district.

## MOTHER

### Confessed to Murder of Her Child

#### WHICH SHE DROWNED AT CINCINNATI ZOO

#### Detectives Trace Her to Home in Kentucky.

#### WHERE SHE WAS ARRESTED

In Her Confession the Unnatural  
Woman Implicates a Man  
From Xenia.

Cincinnati, O., May 7.—Kate Sanders, the woman who killed her child by drowning it in a beer keg filled with water at the Zoological Gardens Thursday afternoon, was arrested Saturday morning in Monterey, Owen county, Ky. She confessed the crime and implicated a man in Xenia, Ohio, who, she claims, gave her \$15 to come to Cincinnati and dispose of the child. The arrest was made by Detective Keating of Cincinnati. Late Friday afternoon the police learned that a woman answering the description of the murderess had boarded a Louisville & Nashville train, having a ticket for Sparta, Ky. The police immediately got into action and learned that after arriving at Sparta the woman boarded a transfer bus and proceeded to Owenton, at which point she was met by a relative, who drove her to her home in Monterey. Detective Keating arrived at Sparta late last night and driving to Monterey, made the arrest, after the woman had been identified by an employee of the Zoological Gardens, who accompanied him.

Kate Sanders had been employed as a domestic in Xenia for some time, and arrived in this city on Wednesday with the infant. She remained at a boarding house until Thursday forenoon, when she went to the Zoo where the murder was committed. The detective will arrive in Cincinnati with his prisoner this evening.

#### TRYING TO CLEAR CHANNEL.

Che-Foo, May 7.—Chinese coasting vessels report a succession of tremendous explosions at the entrance of Port Arthur harbor. It is evident that the Russians are trying to clear the channel of obstacles and mines placed there by the Japanese. The Japanese cruiser squadron is watching the harbor to prevent a sally of torpedo boats against the Japanese transports, now lying along the Liao-Tung peninsula.

## PLATFORM

#### TO BE ADOPTED AT COMING DEM- OCRATIC CONVENTION.

#### State Issues Only Will Be Considered if the Conservatives Have Control of the Situation.

Columbus, O., May 7.—Great interest is beginning to be manifested in the platform to be adopted by the Democratic state convention of Ohio this year. There is a strong leaning among the party leaders toward a state platform exclusively, leaving national issues to the St. Louis convention. This is the preference of many of the most prominent Democrats in the state. Before the legislature adjourned the Democratic senators and representatives were sounded on this subject and almost to a man declared themselves in favor of the state platform. Their views are shared by other well-known Democrats who have dropped into Columbus recently and by all the local leaders.

It is pointed out that the abundance of state issues makes it practically impossible to cover all of them and at the same time embody national planks in the platform, without constructing such a lengthy document that few persons will read it. It is proposed, therefore, to frame a state platform

#### PARENTS SUED FOR DAMAGES IN INDIANA

#### But Judge Refused to Allow Petition.

#### QUOTING FROM JUDGE PARKER

Who Made a Similar Decision in Case  
of Young Woman in New  
York.

Indianapolis, Ind., May 7.—Judge Leathers, of the Marion county superior court, rendered an interesting decision Friday, in which he quoted liberally from an opinion by Judge Alton B. Parker of New York, in a similar case. Frank Barnes and wife are the parents of dusky-skinned and interesting twins. Representatives of a printing establishment here secured a picture of them and ran it on billboards which they gave away. The head of the Barnes family sued for \$5,000 damages for alleged humiliation by having the half tone out of their twins scattered throughout the city.

Judge Leathers held against them, citing Judge Parker's decision in the case where a New York milling firm advertised one of its brands by using the picture of a very beautiful young woman. The latter was thrown into nervous prostration by the picture and sued for heavy damages, but Judge Parker found that if the woman had sustained any injury it was sentimental and not actual, and Judge Leathers gave the same decision.

#### MIKADO FLIRTS WITH SULTAN.

Constantinople, May 7.—The Mikado of Japan is visiting Turkey thoroughly over to the Japanese side, by little attentions which he is paying to the Sultan. Special war telegrams which are being sent, are rapidly inculcating the Turks' pride over the Japanese successes, as they consider the brown men fellow Asiatics. Incidentally the Mikado has a deeper reason for his attentions, namely, stiffening of Turkish resolve not to let the Russian black fleet pass through the Dardanelles.

A Parisian who has been much annoyed by duns has connected his bell handle with a powerful electric battery and switches on the current at psychological moments. So far the police have declined to interfere.

### LETTER

Written on Board the U. S. S. Detroit Contains Interesting Description of the Cruise.

WILLS N. Fulton, of Denver, Colorado, received the following letter from his friend, Charles E. McKinley, who is now a first-class electrician on the U. S. ship Detroit. Mr. McKinley was formerly connected with the U. S. S. ship Detroit. He has many friends here who will be glad to read the letter:

U. S. S. Detroit.  
San Domingo City.  
San Domingo, W. I.  
April 18, 1904.

My Dear Old Pal—I will try to write you to tell of what I am doing in these diggings. I haven't received any mail or news of any kind from the U. S. for just one month, when I was in Pensacola, Florida. I haven't any idea of what is going on around home, nor have I heard anything about the Russian-Japanese war.

When we left Pensacola we went down to Colol, Panama, and expected to be there about three months, but instead stayed there three days and were then hustled off to this place and have been laying here since March 20. San Domingo City is one of the most historical cities in the Western hemisphere. I was ashore a few days ago and saw many historical objects. I saw the Columbus tree called so because Columbus landed there and tied his boat to its roots. A little way up the street is Diego's castle, which was started in 1500 and never completed. Across the street is the old Columbus sun-dial, placed there by him in 1496. It gives the apparent time and is within five minutes of the mean time.

I next went to the fort which is now occupied by Morralls and his followers. He is the rightful claimant for the presidency. The fort was also built in Columbus' time or started by him and finished by his son, Diego, with the aid of his Indian slaves. We next went to the cathedral, which is the oldest church in the Western hemisphere. It was started in 1516 and is in as good condition now as it has ever been. It is claimed that it was the first architecture built by the

Spaniards. It is built in such a way as to make it appear much larger on the inside than it really is. On the top of each arch is placed a large earthen jar turned upside down and with only a very small opening. These jars make an ordinary tone of voice distinctly audible in all parts of the church.

On one side of the altar are the two graves of Columbus and his son, Diego. That is, these were the original graves. In 1677 the remains of what was supposed to be Columbus were dug up and sent to Havana and buried there, until 1877, when it was discovered that the wrong grave had been opened. So now the true Columbus, or A. Cristobal Colon, as it is written in Spanish, is buried in fine style in one end of the cathedral. The tomb is a magnificent affair constructed of marble and bronze. It has some elaborate trimmings, costing \$25,000, and was built in Rouse, Italy, and was sent over in pieces.

A large cannon hall is imbedded in the roof of the cathedral, having been shot there by accident by Sir Francis Drake when he fought a battle with the French.

The city was originally walled, but since that time the city has grown beyond the walls. One year ago tomorrow, when the rebels held the city, the hardest battle of the revolution was fought. The people celebrate this event by decorating the graves of fallen soldiers. We are going to send a battalion ashore without arms to show the good will and sympathy to the Dominicans.

The Dominicans admire us for our being Anglo-Saxons and good Yankees. Every time they want to have a fight they have to get our permission. I guess that is why they like us. The Detroit is now in sole command of Dominican affairs and a fleet of gunboats is expected tomorrow. We will be the flagship and will get all the glory if there is any.

I will wish you good luck and will look for a letter from you in every mail. Your old chum,  
CHAS. E. MCKINLEY.

### SELLING A HAT IS AN ART

Stenographic Report of Saleswoman's Artful Patter Shows How 'Tis Done

"Yes, ma'am," said the saleswoman. "This way, if you please. About what price hat did you want?"

"I thought I'd look at those you have advertised at \$5.98," said the customer. "The marked-down ones."

"Oh, yes," said the saleswoman, according to the Chicago Daily News. "There isn't very many of them left, but perhaps I can find one that will suit you. Now, here's a pretty thing! Let me try this one. There's a glass at the end of the crown. Yes, it is a little narrow, but it seems to suit you very well. Some women can wear a narrow hat just about as well as a wide one. Almost any style looks well on them. Yes, they are wearing them a little wider this year, but—No, I don't think there's a gray in that. If you wanted a gray specially and would be willing to pay a little more for it I've got one here that I'd like to show you. It isn't any trouble to show it. There! That's right in the very latest style, and it's gray. You take that shade of gray and it's the most trying thing in the world to a poor complexion, but when a woman's got a complexion like you have it brings it out and sets it off like nothing else does. Isn't that lovely?"

"Anybody would say that shape was just invented for you. If you would just invented for you. If you wouldn't mind, I'd just like to have our heads-asked lady look at that on you. Miss Brinkly! Would you mind stepping here a moment, please. I just wanted you to see that gray hat on this lady. You know what you said about that hat. Yes, that's exactly what I was just telling her. It does, doesn't it? It's a style that wouldn't suit one lady in fifty, either."

"Why, that hat is \$12.50 now. Of course, if you had bought it a few weeks ago it would have cost a great deal more, and if you went to one of the exclusive millinery stores you couldn't buy it under \$25; even at that time. Well, I'm sorry, because I don't think you would find another that would give you as good satisfaction. Here's a sweet little hat for \$10. There's very expensive trimming on that hat. Yes, I think it's becoming, but it doesn't look as well on you as the gray, of course. Yes, \$10. It's a \$15 hat. Any other in the \$5.98? Certainly. Here's a pink, a very pretty and stylish looking hat for the money. No, the velvet isn't the very best quality. Yes, they were marked down from \$7.45. We sold quite a number at the price just before Easter. How trimming?"

"Well, I must say you know how to select a hat. That looks just lovely on you. Oh, no, no, that isn't one of the \$5.98. No, why, you see for yourself the difference in the make. It's marked \$11.00. Well, here's a \$5.98 one that you might like. We'll, of course, I like it. It's a becoming hat when you put it on; there's no denying that. I'd like you to try that gray on again, if you don't mind. Ah! Turn just a little more to one side and see the set of it. You know there really isn't so much economy in buying a cheap hat. No. I wouldn't call the \$5.98 a cheap hat exactly, but, of course, it hasn't got the style or the material to it that this one has. You couldn't expect it to have."

"Yes, it's marked down. It was \$17.50 and not a dear hat at that price. There was a lady in here this morning with a hat that wasn't a bit more stylish than she said she paid \$25 for. It didn't look nearly as well on her as this does on you. We can make a hat that will cost anything you've a mind to name, but we can't make the person that wears it. No, ma'am."

"Yes, \$12.50. Yes, but look at the lace on it and the straw. Anybody can see that's an expensive hat right away. And it is so-o becoming. If I had your slender figure and a complexion like yours I'd buy that myself. Wait and I'll get a double glass so you can see the back of it."

"Now! You know you don't want any of those cheap hats. You want to do yourself justice. And it will be economy in the end."

"Oh, that doesn't matter a particle. We can send it to your address C. O. D. Yes, I'm sure I would if I were you."

"Yes, I'll see that it's well packed and have it sent out right away. Thank you, ma'am. North or south side?"

### ANOTHER VERSION

Of Difficulty Which Occurred Between P. B. Evans and Stephen Nesley Near Kirkersville Station.

Mr. Lewis W. Evans, son of Mr. P. B. Evans, who lives a short distance east of Kirkersville Station, and who was reported as having beaten Stephen Nesley over the head with a club a few days ago, called at The Advocate office on Saturday and gave his version of the affair. Mr. Evans said that on account of the road having been washed away by the recent rains, that the township trustees had given his father the right to drive through Nesley's premises and that they would pay the damages. It seems that the road through Mr. Nesley's place has been generally used by the people in that vicinity. Mr. Evans said that the trouble started over Nesley's putting up a wire fence across the road. He told Mr. Evans that if he took the fence down he would hit him with a hammer. Mr. Evans took the fence down. When it is alleged that Mr. Nesley assaulted him with a hammer. Mr. Evans then struck him over the arm with a club, and only struck him once. Mr. Evans was arrested, but as yet there has been no trial.

The hearing of the case will be held before Justice Turner, on next Friday morning at 9 o'clock.

Treatment at different times failed to afford me any relief and at last I stopped using medicine and went and got a package of Doan's Kidney Pills at Crayton's. Their use proved effective and my back has remained sound ever since I took the treatment. I have as a natural result no hesitancy in allowing my name to be used in recommending them."

Mrs. J. T. Purcell, No. 345 Shuler street, says: "My back ached all the time. As a rule it was very severe, but it hurt me much more when I overexerted myself or occupied certain positions in which my back was strained considerably or when I was sitting sewing. I obtained a little benefit from the treatment which I took, so little in fact that I was induced to try Doan's Kidney Pills, when Crayton Bros. first advertised them in Newark. They did for me what others failed to do for they took away from my back that distressing pain and ache. I know of friends of mine who were as much the gainer through their use as I."

### The Medicine That Cures.

BENO, OKLA., May 11, 1903.

Wine of Cardui absolutely does cure sick women. I consider it the most valuable medicine, and it is the cheapest cure any sick woman can use, and takes as a rule, only a few bottles to effect a complete and lasting cure. I especially recommend it for uterine or ovarian troubles, inflammation and ulceration, painful, profuse or scanty menstruation and it is a most valuable adjunct to use during the gestative period, insuring easy childbirth and speedy recovery. It should have a place in every home as it is a true friend to wife, mother and maiden and I most heartily recommend it.

*E. Buchanan*  
WRITER AND LECTURER.

Dr. Mrs. Buchanan is an authority on the science of medicine and certainly appreciates the great work physicians are doing for the relief of sufferers. But this does not deter her from expressing her views in praise of Wine of Cardui.

Mrs. Buchanan's high intelligence and long and successful experience render her advice of great value. Wine of Cardui regulates menstruation, cures bearing-down pains and relieves suffering women of the pain and misery to which their sex is heir. You have the word of Dr. Buchanan and thousands of other eminent women that Wine of Cardui will completely cure you.

All druggists sell \$1.00 bottles Wine of Cardui.

### Whiskey and Beer Habit

PERMANENTLY CURED BY

### "ORRINE,"

ABSOLUTELY SAFE, SURE AND HARMLESS.

Physicians pronounce drunkenness a disease of the nervous system, creating a morbid craving for a stimulant. Continued indulgence in whiskey, beer or wine cuts away the stomach lining and stupefies the digestive organs, thus destroying the digestion and ruining the health. No "will power" can heal the inflamed stomach membranes. "ORRINE" permanently removes the craving for liquor by acting directly on the affected nerves, restoring the stomach and digestive organs to normal conditions, improving the appetite and restoring the health. Can be taken secretly if desired.

### Cure Effected or Money Refunded.

Ask your druggist, whom you know what he thinks of ORRINE; he will endorse our statement as truthful in every respect. If ORRINE fails to cure we will refund you every penny paid for it as cheerfully as we took it.

### No Sanitarium Treatment or Publicity!

No Absence from home or loss of time!

Mothers, wives and sisters, you cannot cure those who are afflicted with this most terrible of all diseases by your fervent prayers, or eyes red with tears, nor by your hope that they may stop drinking. It can be done only with ORRINE. You have the remedy—will you reach it? If you desire to cure without the knowledge of the patient, buy ORRINE No. 2. If the patient desires to be cured of his own free will, buy ORRINE No. 2. Full directions found in each package. Price \$1 per box. We will gladly furnish a treatment free of cost to any physician.

## WON'T SAVE THE TREASURY.

Governor Herrick had a spasm of joy when he was informed that the Supreme court had upheld the constitutionality of the inheritance tax law. The state officials estimate that this law will raise a revenue of about \$400,000 per annum. The Republican legislature bankrupted the treasury of Ohio and anything that comes along to relieve the situation is almost like a charity. The proceeds from the inheritance tax law however, will not atone for the extravagance of the late legislature. That body succeeded in turning a surplus of \$8,000,000 into an impending deficit and nothing short of the reconsideration and defeat of the measures which accomplished this performance would suffice to put the treasury where it was on the day the legislature convened. While welcoming the decision of the Supreme Court in this case Governor Herrick permitted a number of salary bills to go into effect with or without his signature. He has failed to take notice of his own warning against extravagance and therefore has no better record than the legislature itself in the matter of raiding the treasury.

Mr. Charles A. Towne, formerly a member of Congress and for a brief term United States senator, was a close friend of Mr. Bryan, and has even been suggested by him as a presidential candidate. He favored his nomination for vice president in 1900. Just now Mr. Towne is one of the delegates elected by the New York Democrats to the St. Louis convention, and in a recent declaration presents his views as to the candidate favored by New York. Says Mr. Towne: "I am under instructions and prohibited from talking. The instructions for Judge Parker are binding on all New York delegates, and we will take off our coats and work for him with the utmost zeal. My belief is we shall have a harmonious time at St. Louis. For one, I am for peace, even if we have to fight for it."

Mr. Towne was an eloquent associate of Mr. Bryan in the free silver fight, but he now concedes that the increase of money hoped for in that contest has come about by other means, and he further sees that the great need of the country is for an opposition which can challenge with unity and power those tendencies in Republican administration which are undemocratic and unrepresentative, and that peace among the factions of the Democracy is essential to the rebuilding of such an opposition. Mr. Towne even goes so far as to express the belief that "we shall have a harmonious time at St. Louis." And why not?

It is worth \$5.00 to remember \$10.00 spent in the Billings-Chapin Paint is worth \$15.00 spent on any other brand.

Italian small coin no longer circulates in France, having all been returned to Italy some years back, since when it has been demonetized in France.

## All Humors

Are impure matters which the skin, liver, kidneys and other organs can not take care of without help, there is such an accumulation of them.

They litter the whole system. Pimples, boils, eczema and other eruptions, loss of appetite, that tired feeling, bilious turns, fits of indigestion, dull headaches and many other troubles are due to them.

## Hood's Sarsaparilla and Pills

Remove all humors, overcome all their effects, strengthen, tone and invigorate the whole system.

"I had salt rheum on my hands so that I could not work. I took Hood's Sarsaparilla and it drove out the humor. I continued its use till the sores disappeared." Mrs. J. A. Brown, Rindford Falls, Me.

Hood's Sarsaparilla promises to cure and keeps the promise.

### HEBRON

Michael Rhoads is lying seriously ill at the home of his nephew, Jesse Gieger, near Luray. Mr. Rhoads was 84 years old last Saturday and owing to his advanced age his recovery is very doubtful.

Dwight, the little son of Mr. and Mrs. Henry Hoskinson, who has been very low with measles, is reported some better, and hopes are now entertained for his recovery.

The fishing season has opened up here, with very flattering prospects of a good biting season. The anglers are numerous along the banks of the canal, and are meeting with good luck. Sunday some parties caught a carp that weighed 15 1/4 pounds. It is rumored that the ladies who are making such successful catches are using some kind of smelling salts on the bait to draw the fish which never fails to catch on.

Mrs. Thomas Duffill received the sad intelligence of the death of her mother, Mrs. Mary Jexton, at her home in Nelegh, Neb. As Mrs. Duffill had recently been with her mother for several months, she did not return for the burial, so the brothers and sisters at Nebraska sent some of the beautiful floral offerings in a large box to Mrs. Duffill here. The flowers were in good condition and the fragrance very sweet. Heartfelt sympathy is extended to the family in their bereavement.

Alex. Prior of Frazeyburg, spent Saturday and Sunday with H. A. House and sister, Miss Ada, on Newark street.

Mrs. Thomas Duffill attended the funeral of Mrs. Savage at Newark, last week.

The Ladies' Aid will meet with the president, Mrs. Mary A. Wharton, Thursday afternoon.

Mrs. James Pugh of Fletcher Chapel, Miss Nellie Watson of Baltimore, and D. P. Burch and wife, were guests of Mr. and Mrs. T. M. White Sunday.

The epidemic of measles in this locality causes a very small attendance in the primary schools.

The Rev. Mrs. Smiley of Grove City, accompanied by the trustees of the Grove City M. E. church, were here Sunday, inspecting the new church. They contemplate building a new church at that city.

Dr. G. N. Brown has moved his office to rooms in the D. P. Burch block, where he is nicely located.

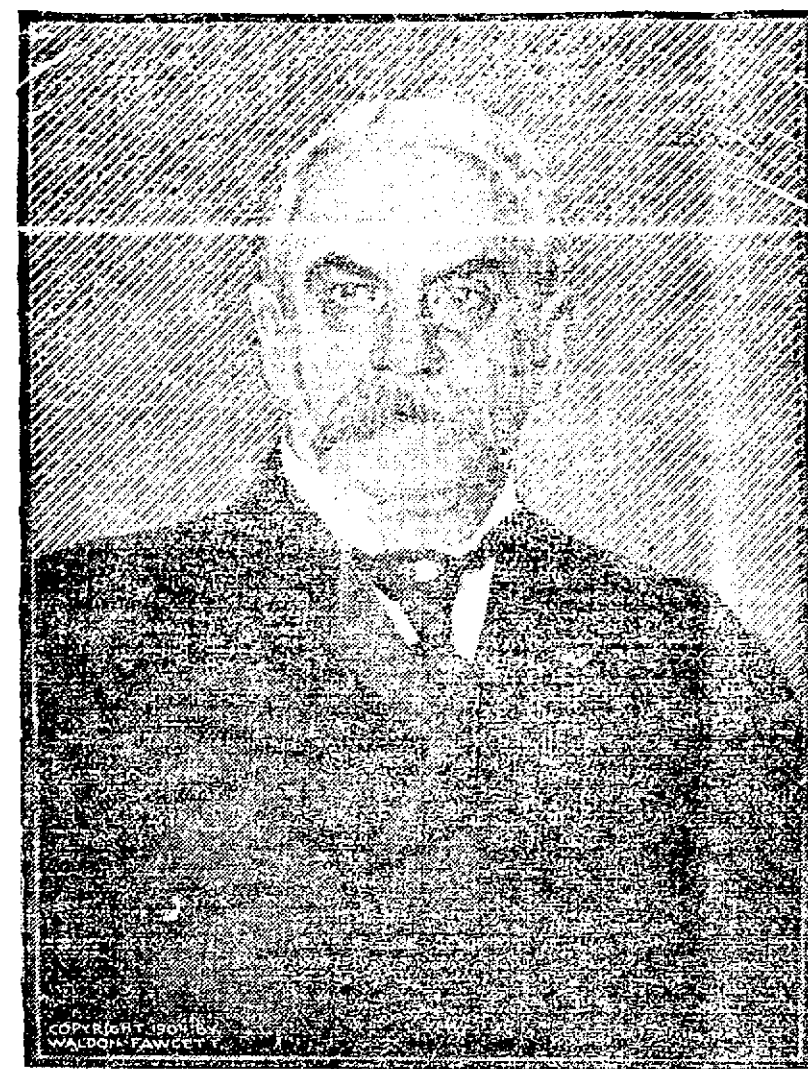

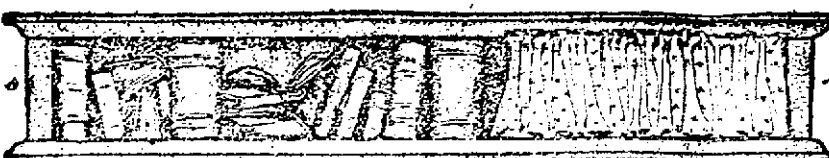

Mrs. J. S. Lyon is very sick with throat trouble, at her home on Main street.

Mrs. Clint Shaner of Millersport visited with Mrs. D. P. Burch Saturday.

W. A. Smith and family of Granville, spent Sunday with S. S. Sawyer and family.

The headcar on the interurban line jumped the track last week and injured Newton Davis and Elhana Puffer.

R. W. Howard and F. M. Black, representing the only Ohio Bonding Company doing business in Licking county, for rates call personally or by new phone, Howard 652, Black, 299.

EUGENE WARE, COMMISSIONER OF PENSIONS.

Pension Commissioner Ware, whose department is in the limelight just now because of the president's order that all veterans of sixty-two are pensionable, is a lawyer, a poet and a veteran soldier. Under the nom de plume "Ironquill" Commissioner Ware has written many clever poems.

## GOT HIS HAIR BACK.

Was Perfectly Bald When He Started to Use Newbro's Herpicide.

Frederick Manuell, Maryland block, Butte, Montana, bought a bottle of Newbro's Herpicide, April 6, '28, and began to use it for entire baldness. The hair follicles in his scalp were not dead and in 20 days he had hair all over his head. On July 2 he writes, "and today my hair is as thick and luxuriant as any one could wish." Newbro's Herpicide works on an old principle and with a new discovery—destroy the cause and you remove the effect. Herpicide destroys the germ that causes dandruff, falling hair, and finally baldness, so that with the cause gone the effect cannot remain. Stops falling hair at once and a new growth starts. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

## LODGE NEWS

### Knights of Pythias.

Newark Lodge, No. 13, and Roland Lodge, 305, Knights of Pythias, of this city, are making arrangements for a joint memorial service to be held in honor of the Pythian dead. The memorial will take place possibly on the first Sunday in June in Cedar Hill cemetery, and is one of the most beautiful and touching ceremonies of the order. Orators will be selected to represent the respective lodges, special music will be arranged for the occasion and the graves of the Pythian dead will be decorated with beautiful flowers by their living comrades. A joint committee has been appointed which has elected George Horton, chairman, and Mr. Hirst, secretary. There will be a meeting of the various committees that have been appointed at the Castle Hall of Newark Lodge, on Thursday night.

The meeting of White Cross Lodge last Thursday evening was surely a "fine dandy" one. There was a large crowd in attendance and the degree work was most enthusiastic. Charles Parriek was the recipient of the Knightly spur.—Johnstown Independent.

A telegram from St. Louis, says: "Arrangements have been completed for the great encampment of the uniformed rank, Knights of Pythias, to be held at the exposition during the week, June 19-26. Brigadier General Thomas W. Minshull, commanding the Ohio brigade of the Pythians, accompanied by General L. G. Hunt, the quartermaster, spent most of Thursday at the exposition grounds making the final arranging details. The two gentlemen arrived early in the morning.

General Minshull said he expected to have no less than 2,500 knights in uniform here. Tentage has been secured and in every way the camp will be a military one. Arrangements for housing the ladies who will attend will be made at the Inside Inn and hotels near the grounds.

As a part of the uniform rank work there will be daily inspections of the men by the general officers. Twelve regimental organizations will be in camp. Two of them will give a dress parade each morning. There is a band of forty pieces to furnish music for state occasions and dress parade.

General Minshull says that the Ohio brigade has a number of novelties which will surprise the people. One feature is a complete miniature field piece, pulled by pure white Angora goats. The animals are well trained and very valuable. The gun is manned by a crew of ten little fellows in full uniform.

An "ax corps," made up of eight men, has no man in its ranks who measures less than 6 feet 6 inches in height. Not a man of the eight weighs less than 200 pounds, although none is troubled with obesity.

### American Protective Union.

Newark Council, No. 1, held a large and interesting meeting on last Thursday evening. A class of twenty candidates were instructed into the mysteries of the order, also 12 applications were received and acted upon. The card party given last evening by the members at the hall, was quite a success in every way, about 150 members with the invited guests, were present. The program of the evening was cards, from 8 to 10 o'clock, at which time refreshments were served after which dancing was indulged in for about one hour, all returning home after spending a most pleasant evening.

### Masonic.

At the regular meeting of Center Lodge, F. & A. M., Friday night three Fellow Crafts succeeded in attaining the sublime degree of Master Mason. The three who received the honors were Norton Crawford, E. E. Ackerman and Brady Rambo. A large number of members of Center Lodge and several members were present. The team work was the equal of any ever given here. A banquet and social session followed the close of the lodge.—Johnstown Independent.

### Modern Woodmen of America

One hundred and fourteen members turned out to the meeting of Cedar Camp, Modern Woodmen, last Wednesday evening, and several applications were received and accepted. The forester team found W. L. Wil-

son, J. R. Cramer, E. G. Abbott, J. J. Colmey and Harry Scher in waiting, and they were led through the mysteries of Woodcraft, and are now numbered among the 1,000 hustling Woodmen.

Neighbor B. F. McDowell was invited to deliver the memorial address at the Woodman memorial services, to be held the first Sunday in June, and accepted.

The forester team put on a fancy drill for the camp which was very much appreciated, and in return the camp voted to transfer to the forester fund, which is to defray their expenses to the head camp at Milwaukee the sum of \$50.

There will be several candidates adopted at the meeting on next Wednesday evening, and a big turnout of members is expected.

### P. O. E. Elks.

Newark Lodge, No. 341 P. O. E., which has always been in a flourishing and prosperous institution, is enjoying an unusually big boom at present. There is a large class of applicants for membership, composed of some of the best known men in the city to be instituted in the near future. The rallying committee, with City Solicitor Phil B. Smythe, as chairman, is meeting with great success in procuring pledges from members of the lodge to attend the National reunion of Elks at Cincinnati in July, and it is altogether probable that Newark will be well represented on that great occasion.

The members of Newark Lodge of Elks will be interested in the outline of the plans for the Elks' reunion, to be held in Cincinnati the week of July 18. Cincinnati lodge claims it will be the greatest reunion in the history of the order, and the scheme of entertainment for visitors is the most elaborate ever attempted.

More than \$40,000 has not only been subscribed, but paid to the reunion committee by citizens. This will be spent for entertainment and various prizes. The reunion committee consists of 26 members of Cincinnati lodge, with August Herrmann, recently elected exalted ruler, as chairman. Assisting them is a committee of 100 prominent citizens, and a ladies' reception committee of 50. From reports received at reunion headquarters, it is believed 30,000 Elks and 5,000 ladies will attend.

The formal opening will be the morning of July 19, in Music Hall. It is to be marked by an elaborate musical program, in which noted soloists and a trained chorus of 200, are featured. The features of the entertainment include the following:

A mammoth Kentucky barbecue with burgoo, athletic entertainment and music, at the Latoria race track; an old-fashioned family picnic in famous Eden Park with refreshments free and an elaborate display of fireworks at night; band concert contests at the base ball park, followed by a game of base ball between National League teams; boat excursions up and down the beautiful Ohio river, where the scenery surpasses even that of the Hudson in New York; trips to the various amusement resorts in and near Cincinnati; a nightly celebration of the Eleven O'clock Toast, by not only all Elks, but the entire city, by direction of Mayor Fleischman.

### Odd Fellows

There was only routine business in all the lodges of this city this week.

Newark and Olive branch lodges of Odd Fellows celebrated the 85th anniversary of the establishment of the order in the United States at their lodge room in Newark, on the 26th of April, in great style. The floral decorations and other decorations, were unusually beautiful, and after the celebration was over and before the decorations were removed, Mr. Russell, the well-known photographer took some very fine views for the members of the order.

### K. O. T. W.

Octagon Tent held a regular review on Friday evening. Seven applications were presented and 4 accepted, and thirteen candidates were initiated. During the past year things have been pretty lively in Octagon Tent; the tent having secured something over two hundred new members; and the work still continues.

Word has been received by the local tent, that a relief home has been established in Cincinnati where all transient Macabees who may meet with death or sickness, are cared for. The plan meets with the hearty cooperation of the local tent.

## WEEK'S Society and Club EVENTS

On the first of May, twenty years ago, Rev. Michael Schleifer came to this city and located here as pastor of the German Lutheran church. Last Tuesday afternoon the ladies of the church remembered the anniversary and called at Mr. Schleifer's handsome home and surprised him and his wife. Rev. Mr. Schleifer was absent when the ladies first came, but he was soon sent for and was greatly surprised on his return to find his home filled with unexpected guests. The ladies had a fine supper, which was greatly enjoyed by all. In the evening the gentlemen members of the church also repaired to the parsonage and tendered their congratulations. During the evening Mr. M. S. Tyrer, as president of the Board of Elders, presented Mr. Schleifer with a handsome gold-headed cane. In a very near and appropriate speech, to which the Reverend gentleman feelingly responded Mr. Tyrer in his remarks, made a touching allusion to the reception which Mr. Schleifer gave Mr. Schleifer on his first arriving in Newark twenty years ago. The evening was a very delightful one to all present, and the guests retired wishing Rev. Mr. Schleifer and his

estimable wife many more years of happiness and usefulness.

MRS. DE LANCEY KOUNTZ, A NEW YORK SOCIETY BELLE.

A great social favorite in exclusive circles in Newport and New York is the young wife of De Lancey Kountz of New York. Before her recent marriage Mrs. Kountz was Miss Maria Johnson. She is decidedly pretty and is a charming hostess.

Middletown, Ohio, Mrs. Duncan and Miss Adams of Pittsburg.

Mrs. Frank Bartholomew and Miss Goldsboro entertained today with a luncheon in honor of Miss Heisey, the bride-elect. The cotillon opened with a "Happy Hooligan" Polonaise, which was very novel and afforded much sport. Mr. Schaffer and Lyman Becher dressed as Hooligans, distributed the favors for the figures. All the figures were match favor figures. The serpentine and confetti figures were especially pretty. Misses Ida Moore, Juliet Besuden, Jessie Emery and Corinne Miller assisted in dispensing the favors. The patronesses were Mrs. E. H. Everetts, Mrs. Richard Collins, and Mrs. C. Besuden. **CLAY LICK.**  
Prayer meeting, largely attended and conducted by Rev. John Shepherd, was held Tuesday evening at the home of Grandma Smith, a mile or so out on the Brushy Fork road.  
The singing of many birds, the babbling of the brooks, together with the verdurous appearance of fields and lawns denote that the beautiful spring time is again here—something for which all are truly grateful to the Giver of every good and perfect gift.  
From a spiritual view Clay Lick has made rapid progress during the past year or two. Two years ago there was scarcely a religious organization; certainly none that was accomplishing any decided good results. Now there is a mission with forty or fifty members, a Sabbath school well attended, and regular preaching services every two weeks by Rev. Mr. Shepherd, which with numerous cottage prayer meetings, are doing much good. Rev. Mr. Shepherd has labored heroically for the Master at this place for more than two years and that his labor is being fruitful of great good is seen in the mission, Sabbath school—indeed in every phase of the village life.

The four days before the ascension are set apart by the church as special prayer days. The idea is that in preparation for celebrating our Lord's triumphal entry into heaven, we should consider what gifts we ought to expect Him to secure for us there, and ask for them. "Rogation" means "asking," hence "Rogation" Days. The chief gift is the Holy Spirit whom our Lord sends to us, but there are many special favors for which we ought to ask—for instance, the "Fruits of the Spirit," prayers for which are set forth in the church to be said on these days. All are invited to come to Trinity church and join in these faithful prayers. There will be a special sermon on prayers as a duty, setting forth some important facts which are too commonly overlooked in these days.

MEN'S MEETING SUNDAY SECOND  
OF A SERIES

Conducted By Young Men of Various  
Denominations — Reception Fri-  
day Night a Success

The young men of the First Presbyterian church will conduct the men's meeting at the Y. M. C. A. Sunday afternoon. A male chorus made up of the young men of the church under the direction of Mrs. I. S. Boyce, will give an opening song service. Mr. Irvin Warthen will sing as a tenor solo, "The Angel's Anthem," by Selmer.

"The Career of Samuel" will be the subject of the meeting. Mr. H. H. Leist will preside and short addresses will be made by Prof. W. E. Painter, Arthur Pratt, Rollin Williams, Charles Krebs and A. R. Evans, on the different phases of this great life and character.

All men are invited to come and enjoy this service.

The reception at the Y. M. C. A. Friday evening to enable the 300 new members to get acquainted, was a decided social success and will doubtless result in much good.

The Entertainers orchestra played in the reception room as the members arrived. As they registered they were given a tag on which was written their full name. This tag was pinned on the member's coat, thus doing away with the necessity of formal introduction. Every game in the association was played and the reception committee saw that the young men became acquainted.

At 8 o'clock an adjournment to the gymnasium occurred, where a light lunch was served. The orchestra rendered several selections during the serving of the lunch.

Following this several excellent addresses were made. General Secretary A. A. Ebersole acting as toastmaster. Members of the winning team in the World's Fair contest, A. F. Connell and A. S. Stephen, and members of the second team, R. F. Williams and Homer Sparks, delivered brief talks on Y. M. C. A. work.

Mr. Wesley Montgomery, of the board of trustees, thanked the different members composing the teams, for their efforts in securing new members.

Mr. E. Dow Baneroff, secretary of the Railroad Y. M. C. A., at Columbus was introduced by Secretary Ebersole and delivered an address on the spirit manifested in Y. M. C. A. work. In

this association, he said, members became participants in the work. They are a part of the association. The speaker called particular attention to the cooperation manifested in association circles.

Other addresses were made. The Y. M. C. A. World's Fair contest was undoubtedly one of the most successful affairs of the kind ever arranged by the management of the local association.

### WOULD THAT EVERY FAMILY KNEW ITS VALUE.

The Wish of the Ursine Sisters of Waterville, Me., in Indorsing Father John's Medicine for the Cure of Consumption.

"We, the undersigned, cheerfully recommend and endorse the use of Father John's Medicine as a sure and immediate relief for all colds, throat and bronchial trouble, having used it with success for one of the members of our institution who was threatened with consumption of the throat. Hearing of the excellence of Father John's Medicine, we made a trial and are glad to state that after taking three bottles, a decided change took place, having recovered her voice, which had been impaired for nearly two years. In a word, it is the only remedy that helped her. Would that every family knew its value. (Signed) Ursine Me."

### Fine Shade Trees

The Taylor Land and Improvement company have received a car load of fine shade trees from the Storrs & Harrison nurseries company of Palmersville, and are having them set out on their new West End allotment.

Their mode of tree selling is an innovation in Newark, as they set two rows of trees on each side of the street. They say that no pains or expense will be spared to make this the finest allotment in the city. They commence grading Monday.

## AMUSEMENTS

The Cutter-Williams Stock company as a whole is much above the average, but the work of two stood out, pre-eminent. W. H. Hartigan's "Doctor Jekyll and Mr. Hyde," and Pansy Stanley's "Camille."

The former is a piece of character acting that is really more than creditable, it is artistic, and Mr. Hartigan has paid the unusual compliment after several effective scenes, of receiving enthusiastic calls to the stage, where he gracefully acknowledged the sincere tribute. The part is one which taxes the physical as well as dramatic resources of the actor who plays it well but Mr. Hartigan is most adequately equipped in every way for the work. He will again be seen in this triumph tonight.

Miss Stanley's "Camille" was patterned after Clara Morris and she was in every way most acceptable. At no time did the part receive at her hands less than an artistic presentation, and the beauty of it all was the fact that she did not overdraw the character of Dumas heroine.

## CIRCUS

CAME TO NEWARK ON SCHEDULE  
TIME SATURDAY.

Gave a Big Parade and An Afternoon  
Performance, Pronounced the  
Best Ever in Newark.

The first train containing parts of Pingling Brothers' circus arrived in Newark about one o'clock from Columbus, via the Pan Handle. The remainder of the huge show arrived a few hours later.

At the first sign of dawn an army of men began the work of unloading the 87 double length cars. Trained men and trained horses carried on the work with a rapidity and lack of confusion that was marvelous.

At the grounds the work of erecting the masochistic tents was carried on in the same scientific manner. The dining tent and other smaller tents were the first to be raised. Then came the menagerie tent.

There are 28 elephants, 14 camels, zebras, lions, tigers and countless other familiar and unfamiliar specimens of the animal kingdom. The menagerie exhibition is alone worth the price of admission.

Those who attend the circus this evening will not have cause to complain of defective lights, for all the tents are lighted with electricity, generated in two huge dynamos, operated on the show grounds.

The interurban lines centering in Newark did a big business. On the new Zanesville line the large summer cars were run and hundreds of people availed themselves of the new means of transportation to take in the circus.

This work of putting up tents is done by the Ringling Brothers' in a manner never before seen in Newark. All the huge canvasses are raised and every detail of the herculean task of transforming a commons into a city of bustling activity, is done by a system of whistle signals. There is no loud talking and an absolute absence of profanity. These men are looked after in much the same careful way as a regiment, a physician traveling at all times right with the circus, so as to be at all times available for immediate service in case of sudden illness or accident.

Another noticeable feature at the grounds was the pile driver for driving the great number of stakes. Everything connected with the Ringling circus moves exactly on time, and this was true of the parade.

The people of Newark have seen a great many street parades but never any to equal that of Ringling Brothers' this morning. It took over twenty minutes for the parade to pass a given point and this was without any effort in spreading.

The parade was headed by one of the Ringling brothers in a buggy. Some idea of the enormity of the parade may be gathered from the fact that there were in the procession 110 horses, 32 ponies, 104 men and women riding horses, 26 cages of wild animals, 17 allegorical floats, 13 camels, 20 elephants, 6 bands.

In the parade also was a novelty in the way of parade features, being an enormous portable pipe organ. The familiar steam calliope closed the parade.

Probably the largest circus day crowd in the history of Newark was in the city today, and the visit of the great circus will be a pleasant memory to the citizens and we hope to the circus management.

## MOTHER AND CHILD

Scott's Emulsion is cod liver oil made almost as palatable as milk. It is easy and soothing to the weak stomach; it checks the tendencies of children toward thinness.

Scott's Emulsion gives strength to weak mothers because it creates healthy flesh and new blood.

Nursing mothers will find a special value in Scott's Emulsion because it insures a flow of rich, nourishing milk for the baby. More and better than a medicine; Scott's Emulsion is a food.

Scott's Emulsion is not a mere extract, containing imaginary "active principles" which do not exist, but is full of actual nourishment which sustains vital force and builds up the body tissues more rapidly than any other known remedy.

## SONG RECITAL

BY MISS HIRSCHBERG AND MISS  
FELIX.

Death of Mrs. John Cross — Grist of  
Live News From the College  
Town.

Granville, O., May 7.—On Friday evening occurred an event of much interest to the little music world at Granville, when Miss Elsie Hirschberg of Newark, the promising and talented pupil of the Conservatory of Music, assisted by Miss Letitia Felix, gave a song recital in Recital hall. As many have heard Miss Hirschberg sing before, and have admired the deep, rich quality of her voice, Recital hall was filled with interested friends. The recital was a great success, and Miss Hirschberg certainly displayed wonderful artistic ability and a great charm in her singing, which was enhanced by the almost perfect rendition of her songs, by Miss Felix, to whom much of the credit of the success to her recital is due. Following is the program rendered:

### PROGRAM.

Frances Allitsen .. Since we parted  
Absence  
Nevin ..... My desire  
Von Felitz — Song Cycle .....  
Schon Gretlein  
Bemberg ..... Hindoo Giant  
Lang ..... Irish love song  
Buck ..... When the heart is young  
Fair Gretchen.  
A set of songs.

The words are taken from the German.

The music is suggestive and follows the words most artistically in the dance rhythm and the roaring of the sea.

The cycle describes the experience of fair Jessie, a maid who, after seeing a youth with auburn locks passing by, meets him at the country dance and there begins a romantic love affair.

The lover proves false, however, and after being deserted the broken-hearted maiden throws herself into the sea.

Miss Estella King, of King's Mills, a last year's graduate of the Conservatory of Music, has returned to Granville for the remainder of the spring term.

The Sigs entertained a few friends at dinner, as usual at the chapter house, on East Broadway, Friday evening.

On account of Miss Hirschberg's recital the literary societies of Denison held their meetings at an earlier hour on Friday evening.

The Betas entertained very delightfully, a number of young lady friends with a dance at the chapter house on Friday evening.

Mrs. Cross, widow of the late John Cross, died at her home on College street, on Saturday morning at 1 o'clock, after an illness of several months with stomach trouble, aged 52 years. The deceased was the mother of the Cross Sisters, the well-known singers, and was a woman who was held in high esteem by all who knew her. She was a faithful and consistent member of the Methodist Episcopal church. Five children, four daughters and one son survive her. They are Mrs. Annie King, wife of W. M. King, the jeweler of this place, Minnie Lee Cross, Lulu May Cross, Anna Dubora Cross and Finley Cross, of Columbus. At this writing no arrangements have been made for the funeral.

Daughters: Smythe & Smythe, Bartholomew & Goldsborough Mfg. Co. vs. John A. This being the first Tuesday in the month, roll call was had, which was responded to by the reading of a verse of Scripture.

The reports of the superintendents who were present were received. Perhaps the most interesting report was that of Mrs. Gabke on Sunday school work, showing diligence and perseverance along this branch.

Mrs. Brown, treasurer of the union, and superintendent of prison and jail, and also matron of the Rest Room, made her report, which was a very fine one, showing everything in her department to be in good condition.

An entertainment for the benefit of the Rest Room will be given on Tuesday, May 17. Tickets are now being sold by the ladies of the W. C. T. U. for this occasion. Subject, "Secret Meeting of the Golden Goose."
